WORK EXPERIENCE

Junior Web Developer
Comercial Etatex S.A.

August 2023 – Present · React, Node.js, MySQL

- Development of views and reusable components in React for the internal ERP system.
- Implementation of REST endpoints with Node.js and Express for sales and inventory modules.
- Design and querying of MySQL databases, creating reports and optimizing queries.
- Close collaboration with the design team to create clearer and more user-friendly interfaces.

Customer Service
Tiendas Industriales Asociadas

2020 - 2022

- Multi-skilled salesperson and cashier
- teamwork for cleaning, tidying and checking expiration dates
- Entry and management of merchandise using barcodes and QR codes to maintain an up-to-date inventory
- Sales and management of e-commerce through the company's website

PROJECTS

Creation of the classic video game Tetris　　　　　　　　HTML5, CSS3, Js

Use a futuristic design inspired by Cyberpunk-style neon colors. The game respects the initial inspiration, and I added a score counter. It has 10 levels and ambient music. To view the project, click here, or if you want to play, click here.

Creation of an attack video game called Mokepon　　　HTML5, CSS3, Js, NodeJs

This game was made using basic programming lessons taught by Platzi. It was my first personal project and is also in my repository or you can play here.

My website　　　　　　　　　　　　　HTML5, CSS3, Js, MySql, React

This website is designed for job applications, showcasing my work and skills. It also includes a database, as website visitors can request my services by submitting a short form with their requests and ideas.

A complete REST API　　　　　　　　　　　　　　Node.js, Express.js

This website is designed for job applications, showcasing my work and skills. It also includes a database, as website visitors can request my services by submitting a short form with their requests and ideas.

SKILLS

FrontEnd	Backend	DataBase	Others
Html	NodeJs	MySql	Git/GitHub
CSS flex/grid	Express		Figma (Basic)
JavaScript	REST APIs		Scrum/Kanban
React			

LANGUAGE

- **Spanish**
  Lvl – Native
